Dear Gary

RE: Testimonial.

As a company, we first used On-Site Recruitment Solutions Limited in 2010.

To date all of the operatives have been proactive and competent to carry out the tasks required.

Gary has been attentive in his attitude to our needs as a company and he regularly calls to enquire about progress and our satisfaction.

The back-up is great, time sheets are sent weekly for our agreement with any queries dealt with immediately.

We would recommend On-Site Recruitment and Gary to others without hesitation.

Yours sincerely

Richard Daly
Service Director
