14 December 2011

TO WHOM IT MAY CONCERN

MTB Environmental have been a patron of On-Site Recruitment for a while now and have always found their business to be well structured and professional. At short notice they have provided the staff required, which has enabled us to fulfil our work programme efficiently.

The personnel provided have been hardworking and well received by our existing workforce and we would have no hesitation in recommending their services to other companies in the future.

Yours faithfully

**Mr Alan Bell
Director
For and On Behalf of MTB Environmental Limited**
