12<sup>th</sup> July 2008

Dear Sirs

To Whom It May Concern:

We have utilised the services of Perry Holland of On-Site Recruitment Solutions Ltd while on site in Portsmouth building the new ETAP Hotel.

During this contract we have used a range of experienced labour and qualified trades and to date the service we have received has been first class.

The support that Perry and his colleagues at On-Site have given Building and Engineering Ltd has been a breath of fresh air. Their honesty and professionalism throughout has been commendable.

We have also recommended that our sub-contractors use the services of Perry and On-Site, and would not hesitate in using them ourselves for trades and labour on other projects.

Yours Faithfully

John Garry  
Senior Site Manager
