FAO Mr E Lewry

Dear Elliott

I am writing to thank you for the continued service that you have provided to Haydon M & E over the past year.

It is always pleasing to know that when we require additional resources to support our direct team we know that you can support our need. The ethos that On-Site has with regard to standards, reliability and professionalism is why we choose to continue to use your services as our preferred recruitment agency.

I would also like to thank you for advising us on other parts of our business and putting us into contact with the relevant persons within your organisation, which is something we are currently pursuing.

I believe that the relationships, both professional and personal that our two companies have built up over the years has proven to be very successful and I sincerely hope it will continue in the future.

Yours sincerely

Geoff Salter  
Regional Operations Director
