Dear Perry,

Minerva House, London

I would like to take this opportunity to personally thank you for the level of service and labour that you have provided us for our Minerva House project in London.

It is quite refreshing to find a labour resource company that provides the level of care and commitment that you have personally demonstrated and have provided towards us.

Considering you made the effort to make contact with me and then meet me in London from your Portsmouth Office shows the level of commitment rarely seen these days. It was on this basis that I decided to give you the opportunity to provide labour at this project. And, to be honest, I'm glad I did.

We sincerely look forward to developing our business relationship with you and the On-Site Team over the coming months and new challenging projects.

Yours sincerely
For Structura UK Ltd
