19<sup>th</sup> December, 2011

To whom it may concern,

We have utilised the services of On-Site Recruitment Solutions Ltd and Will Spong since June, 2011 at our Portsmouth depot.

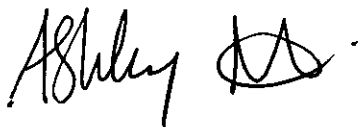

Will has supplied us with Carpenters, Painters and Skilled Labourers on a temporary basis at our depot.

Most operatives have been supplied at short notice to help our direct staff through busy periods and Will is always contactable and efficient in supplying the trades so we are confident he can supply us as soon as we have a requirement.

All operatives supplied by On-Site have also had their own tools and safety wear and we have had no major issues in terms of reliability and time-keeping or work quality.

Will often keeps in contact with our depot office to ensure that we are getting the service we require and I would have no problem recommending his and On-Site's service to any other company looking for a temporary labour or trades solution.

Yours Sincerely,

Ashley Amey  
Portsmouth Depot Manager
