

July, 2016

To whom it may concern,

The On-Site Group, and Will Spong in particular, have been supplying temporary site operatives to Structura UK Ltd since 2009.

Following our ongoing positive relationship, On-Site are now considered as a premium labour provider in our sector.

Structura came to this decision thanks to On-Site's diligent approach in the resourcing of site operatives, that built a trust within us that we knew we would get the right men for the job.

Will has also been excellent in his communication with our site teams and management, allowing an effective and efficient running of our projects.

We would not hesitate to recommend The On-Site Group to any company looking for a cost-effective, excellent labour provider solution.

Yours Sincerely,

A handwritten signature in blue ink, appearing to read 'M A Restall'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
